

Free Modern Slavery Training for Churches

Modern Slavery is an increasing issue across the West Midlands and we are working with partners to highlight this problem and tackle it.

Why Churches?

Churches are located at the heart of every community. Churches and congregations are vital in helping every community to be slavery free.

They do this by:

- Being trained to recognise the signs of Modern Slavery
- Knowing how to share concerns and therefore support victims
- Volunteering with our partners to make a real difference in the fight against slavery
- Praying regularly for an end to slavery

What can we offer your church?

- 1) A range of FREE training customisable to your church. This includes shorter (45 mins) and longer (2 hour) interactive sessions
- 2) A wide range of FREE awareness raising and prayer resources
- 3) Access to free Modern Slavery apps to help congregations directly tackle the evil of Modern Slavery
- 4) Sunday service talks
- 5) Links to partner charities for volunteering opportunities
